Honorable Stansfield Turner
Director
Central Intelligence Agency
Washington, D. C. 20505

Dear Admiral Turner:

As doubtless you know, the Subcommittee on Oversight and Investigations has been conducting an inquiry into an international uranium producers cartel. The Subcommittee has already held hearings on the subject on three separate occasions. From evidence recently received by the Subcommittee it now appears that certain agencies of the United States government were advised of the cartel's existence in its earliest stages of organization. It is also at least likely that concerned Departments of the United States government -- most probably Commerce, State, the CIA, and the Atomic Energy Commission -- communicated with each other about the cartel.

Further to this Subcommittee's investigation, and by authority of Rules X and XI of the Rules of the House of Representatives, please provide the Subcommittee with the following: For the period 1972 through 1974, any and all documents, letters, memoranda, notes, working papers touching and concerning, referencing, or in any way alluding to an international uranium producers cartel, uranium marketing agreement, uranium producers "club", or similar organization or association of any other name, now in the possession or control of the Central Intelligence Agency.

I trust the Agency will be able to comply with this request by Monday, November 21, 1977. Should you have questions about this matter, please have your staff contact John Atkisson, Counsel to the Subcommittee.

Sincerely,

John E. Moss
JOHN E. MOSS
Chairman
Subcommittee on
Oversight and Investigations
